ABOUT US

Established in 2010, Commodore Arms is one of the exceptional establishments which as of today, hunting shotguns and sub-industry production is carried out in-house got the title "Limited Company" as a result of the increase in the share of growth rates in 2012.

In the light of years of experience and knowledge, Commodore Arms combines creativity with commercial mastery and continues its innovative investments and keeps its target always high. Commodore Arms follows technology and innovations closely, integrates new developments into its business and strengthens its brand, created by experts in its field, with successful works. Workshops are carried out at the most sensitive level possible and each shotgun and assembly from the workshop does not require the user to perform any additional tests.

Commodore Arms is also a big hunting enthusiast which provides an additional advantage to its customers and friends about the equipment and capabilities used.

RELIABILITY

All hunting rifles we produce as Commodore Arms are offered to you, our valuable customers, by passing all the tests required by our experts in their field in accordance with the standards. For Commodore Arms, reliability is above everything.

QUALITY

Keeping our quality at the highest level, we make all our work with the most precise and detailed care. We follow our technology and innovations closely and bring our products together with our valued customers without compromising on quality. Being one of the world's leading brands in shotgun production confirms the importance we attach to quality.

TECHNICAL SUPPORT

As Commodore Arms, we manufacture all the products we produce in a very rigorous way. All of our products conforming to the standards come out of our production line with the highest quality. As a result, we always stand behind our products.

OUR MISSION

Our mission is to produce qualified products for military units, security forces, aviation companies and civilian users who prefer Commodore brand all over the world in line with the needs of the sector and our customers. Keeping after sales services and customer satisfaction at the highest level is to increase awareness of usage of Turkish products and increase their competitiveness.

OUR VISION

Being one of the world's most valuable brands in the defence industry; our goal is to develop our innovative production techniques and production capacity.

Right choice of Ammunition

It is also very important to choose the correct ammo depending on the type of your shotgun and the game. Low recoil and substandard cartridges may cause malfunctioning during shooting. Always be sure that you choose the correct caliber, gauge, and the shell length that fits exactly your barrel's chamber.
